

# ***Delivery, Planting, and Design Services***

***Idaho Falls Store  
2014***

You'll find a complete range of landscape services at Town & Country Gardens including delivery, planting, and design that are flexible enough to suit your needs and budget.

## **Free In-Store Advice**

Stop by the store for a quick consultation. Planting bed dimensions, measurements and pictures of the area to be landscaped are very helpful. If you need help with a larger area, give our nursery department a call ahead of time and set an appointment to ensure sufficient time to help.

## **Garden Coach Service**

Town & Country offers a garden coach service in which a qualified staff person will visit your home to provide a brief evaluation of your plants or a specified area of your yard. Services include plant identification, pruning tips, advice on planting, watering, soil amendments, and weed or insect identification. The fee is \$60 per hour including travel time. (\$60 minimum)

## **On-Site Design Service**

The On-Site Design entails two services. The first service is the consultation. Our designer meets with you at your home and discusses your wants and needs. A quick sketch might be completed and that may be all that is needed and the service can end at this point. The consultation fee is \$60 per hour, collected at the conclusion of the visit. (\$60 minimum)

The second service is the actual design phase. If your project requires a more detailed plan, our designer will estimate the cost of a detailed plan. The design fee is \$60 per hour and includes travel time, time spent obtaining site measurements, as well as actual design time. (\$300.00 Minimum)

## **Volume Discount Program**

When the plan is completed, the designer will call to schedule an appointment for the final presentation. This normally takes place at Town & Country Gardens. If you want the presentation at your home, there is an additional charge. When you are ready to start your project, just make an initial purchase of **\$500.00** and sign up for our **Volume Discount Program** and we will give you 10% off your initial purchase. Then you will automatically receive **10% off on all purchases** for the rest of the year. If an item is on sale you will get the lowest price, either the 10% discount or the sale price.

Then at the end of the year we will send you a rebate (in the form of a gift card) for up to **10% more** depending on your total volume of purchases during the year. That could mean **savings of up to 20% on every purchase you make!**

Total purchases from **\$1,000 - \$1,999** will receive an additional **rebate of 5%**.

Total purchases from **\$2,000 - \$3,999** will receive an additional **rebate of 7%**.

Total purchases of **\$4,000** or more will receive an additional **rebate of 10%**.

## **Do-It-Yourself Landscape Installation**

Once you have your design in hand, our professionals can show you the specified plants and materials and arrange for delivery to your home. After you have completed your garden installation, we will be here to answer your questions as your garden grows.

**-More on Back-**

### **Planting Services**

We would be happy to deliver and install your plants for **50%** of the regular retail price of the plants. (Planting fee will be discounted 20% on plant orders of \$1,000, 30% on plant orders of \$2,000). Our **minimum fee for planting is \$75.00**. A delivery charge will be added to planting jobs outside of the Idaho Falls area. (Subtract **\$50** from the delivery fees below.) If you have a question, please ask a salesperson for further information.

### **Professional Landscaping Service Referrals**

If you need complete services such as underground sprinklers, patios, water features, laying sod, etc. we can refer you to several professional contractors who will quote the installation of your project from our landscape plan. All negotiations and agreements are handled directly between you and the contractor and are unrelated to Town & Country Gardens.

### **Delivery Service**
